

PRODUCT GUIDE — FOR PARTNERS

Social Media Marketing

Grow your audience on autopilot.

What it is

Done-for-you, daily branded content and audience growth on the platforms a business's customers actually use. We handle strategy, creation, scheduling, and engagement — they just show up and grow.

How it works

1

Strategy

Brand voice, goals, and target platforms

2

Plan

A content calendar built to convert

3

Produce

Graphics, video, and captions — on brand

4

Grow

Schedule, post, engage, and report

Who it's for

- ▶ Businesses with no time to post consistently
- ▶ Brands that want growth without hiring a team
- ▶ Owners posting randomly with no results
- ▶ Local businesses needing steady visibility

How to pitch it

- “ *Consistent, professional posting without you lifting a finger.* ”
- “ *Content built to convert — not just collect likes.* ”
- “ *A whole content team for less than one hire.* ”

Common objections

“I've tried agencies and got nothing.” — We're boutique and hands-on, and we measure outcomes — reach, leads, conversions — not vanity metrics.

“I don't have content to post.” — We create it all from scratch, on brand, every week.
